Dear Friends,

I have been asked to give my endorsement and support for the exceptional work being done by the Neshama Foundation, an excellent organization dedicated to ensuring that all Jews receive a dignified, Jewish burial.

As the founder of NASCK - The National Association of Chevra Kadisha, I have had the privilege of seeing firsthand the tremendous impact that the Neshama Foundation has had on the Jewish community, particularly in South Florida. The Foundation has worked tirelessly to guarantee that every individual, regardless of their financial situation or family circumstances, will be laid to rest with dignity and respect in accordance with *Halachic* (Jewish law) requirements. This is no small accomplishment, and I am impressed by the dedication and passion that the Neshama team brings to their work every day.

I wholeheartedly endorse the Neshama Foundation and the outstanding work that they do for the Jewish community. I am confident that The Neshama Foundation's tireless efforts will continue to bring comfort and dignity to countless Jewish families in need.

Wishing you all the blessings for those involved in acts of kindness, and *chesed shel emes* in particular.

Respectfully,

Rabbi Elchonon Zohn  
President
